Life at Maryfield West is Relaxing, Warm and Welcoming

Our aim here at Maryfield West Care Home is to create a warm and homely atmosphere where our residents, and their friends, will always feel welcome, safe and respected. Together with their loved ones, we work to ensure our residents can keep connections to their community and their past.

All of our bedrooms are fully furnished, although we encourage our residents to bring along personal items to make the transition into Maryfield West as seamless as possible, making it feel like a real home from home.

Our excellent facilities have been deliberately chosen to offer choice and variety. Residents can continue

hobbies where possible but also have the chance to learn something new. We want residents to enjoy spending time where they feel most comfortable – whether that’s in our relaxed lounge or being pampered at our hair salon.

We want every day to be memorable at Maryfield West Care Home.

‘Bright, welcoming and has a happy feel.’
